Profile

I'm a frontend developer who enjoys building clean, responsive, and easy-to-use websites. I work with tools like React, JavaScript, Tailwind CSS, and GSAP to create great user experiences. I can help your company by making websites that look good, work well on all devices, and keep users engaged.

Education

2023 Ogbomosho, Nigeria	**BSc** *LAUTECH* A Student of Computer Science

Professional Experience

03/2023 – present Ibadan, Oyo	**Frontend Web Developer** *Distinct Digital Strategy* As a frontend developer, I build the parts of websites that people see and use. I turn designs into real web pages using React, NextJs, GSAP JavaScript, and Tailwind CSS. My job is to make sure everything looks good and works well on all devices.
