Profile

I'm a frontend developer passionate about building clean, responsive, and user-friendly web applications. I specialize in **Next.js**, **TypeScript**, and modern tools like **Tailwind CSS** and **GSAP** to deliver smooth and engaging user experiences. I focus on writing maintainable code, optimizing performance, and creating interfaces that look great and work seamlessly across all devices. I can help your company by building scalable, high-quality applications that keep users engaged and satisfied.

Professional Experience

03/2024 – Present Lagos Island	Frontend Web Developer <i>Virtual Tour NG</i> At Virtual Tour NG, I develop immersive and interactive experiences using Three.js , React , and Tailwind CSS . My work focuses on combining 3D visualization with modern frontend frameworks to deliver engaging, responsive, and user-friendly web applications.
03/2023 – 07/2024 Ibadan, Oyo	Frontend Web Developer <i>Distinct Digital Strategy</i> As a frontend developer, I build the parts of websites that people see and use. I turn designs into real web pages using React, NextJs, GSAP JavaScript, and Tailwind CSS. My job is to make sure everything looks good and works well on all devices.
08/2025 – Present	Frontend Web Developer <i>Telnet NG Limited</i> At Telnet, I specialize in building scalable and responsive applications using Next.js , TypeScript , and Tailwind CSS . I contribute to creating clean, maintainable codebases and intuitive user interfaces that improve usability and overall performance.
